CAREFREE BOATING

Schotman Marine

Tenderline Schotman Marine develops aluminium boats with a focus on 'functionality', 'design' and 'affordability'. By combining durable, maintenance-free materials with a streamlined design Tenderline assures carefree boating. The art of constructing vessels within the Schotman family has passed from father to son. Founder Yvo Schotman proudly continues this tradition. The Tenderline aluminium boats are fully produced in-house. All Tenderline aluminium boats are therefore a 'pure' and 100% Dutch product.

Price changes and misprints reserved

The Youngster sparkles of passion and ambition

Forever Young

When getting aboard of the Youngster your inner child will be awakened.

Shiny aluminium, a powerful outboard engine and a delightful sense of freedom.

Everybody loves the Youngster.

Whether enjoying a quiet picnic or plaining at 60 km/h, everything is possible.
